Re: Freedom of Information Act Request

Dear Sir/Madam:

Pursuant to the Freedom of Information Act (5 U.S.C. § 552, *et seq.*), and the regulations thereunder, I am writing on behalf of the Competitive Enterprise Institute (CEI), a non-profit 501(c)(3) organization. The purpose of this letter is to request access to and copies of the following documents related to functions or technology that could help or enable consumers, who sign up using the Federal Affordable Care Act Exchange website (or Healthcare.gov website), to determine their individual tax credit eligibility, or to calculate or display prices after taking into account any tax credits:

1. Any documents created or transmitted between March 1, 2010 and August 28, 2012 regarding functions or technology that would enable (or were intended or designed to enable) consumers who sign up using the Federal Affordable Care Act Exchange website¹ or Healthcare.gov website to determine their individual tax credit eligibility, or to calculate or to display comparative pricing options after any tax credits.
2. Any communications with CGI, Inc. or CGI Federal, Inc. between March 1, 2010 and August 28, 2012 regarding functions or technology that would enable (or were intended or designed to enable) consumers who sign up using the Federal Affordable Care Act Exchange website or Healthcare.gov website to determine their individual tax credit eligibility, or to calculate or to display comparative pricing options after any tax credits.

¹ When we refer to the Federal Affordable Care Act Exchange website, that includes, but is not limited to, any federally-facilitated exchange under the Patient Protection and Affordable Care Act, and any federal health insurance marketplace worked on by the Center for Consumer Information & Oversight. When we refer to federally-facilitated exchange, we do not mean to include exchanges established and operated by a state government, as opposed to the federal government.

3. Any communications between March 1, 2010 and August 28, 2012 regarding functions or technology in Contract No. HHSM-500-2007-00015I or Task Order No. HHSM-500-T0012 that would enable (or were intended or designed to enable) consumers who sign up using the Federal Affordable Care Act Exchange website or Healthcare.gov website to determine their individual tax credit eligibility, or to calculate or to display comparative pricing options after any tax credits.
4. All prior drafts of the Federal Exchange Statement of Work (SOW) included in the September 30, 2011 contract for Contract No. HHSM-500-2007-00015I.
5. Any communications between March 1, 2010 and August 28, 2012 regarding functions or technology in the Federal Exchange Program System that would enable (or were intended or designed to enable) consumers who sign up using the Federal Affordable Care Act Exchange website or Healthcare.gov website to determine their individual tax credit eligibility, or to calculate or to display comparative pricing options after any tax credits.
6. Any communications between March 1, 2010 and August 28, 2012 regarding functions or technology to be potentially included in the Federal Exchange Statement of Work that would enable (or were intended or designed to enable) consumers who sign up using the Federal Affordable Care Act Exchange website or Healthcare.gov website to determine their individual tax credit eligibility, or to calculate or to display comparative pricing options after any tax credits.
7. Any revisions of “Exchange Reference Architecture: Foundation Guidance,” which is a document of HHS’s Centers for Medicare & Medicaid Services. Draft Version 0.99 of this document, dated March 16, 2011, is available at this link:
http://www.nescies.org/sites/www.nescies.org/files/ERA%20Foundation%20Guidance%20Drft%200%2099_03162011.pdf

When the above requests seek documents or communications related to “functions or technology that would enable (or were intended or designed to enable) consumers determine their individual tax credit eligibility, or to calculate or to display comparative pricing options after any tax credits,” that category of requested documents or communications includes, but is **not** limited to:

- Functions for calculating premium tax credits and cost sharing reductions;
- Any Premium Tax Credit and Cost-sharing Reduction Calculator;
- Any electronic calculator that allows individuals to view a preliminary actual cost of their coverage once premium tax credits have been applied to their premiums, as well as the impact of cost-sharing reductions, if they are eligible;
- Any functions for displaying Premium Tax credits or lower cost sharing information for those beneficiaries qualifying for additional help; and
- And any “calculation module” which will complete complex insurance calculations. For example, a calculation module to account for a Premium Tax credit of an individual, Family, or Small Business/Group and provide accurate information on Premium, Deductible, and Out-of-pocket costs.

Please provide the documents in electronic form (except for documents that do not exist in electronic form), unless it would be cheaper to obtain paper copies.

We request that your office waive charges pursuant to 5 U.S.C. § 552(a)(4)(iii) & 45 C.F.R. § 5.45(b), since, as is explained below, disclosure is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the Government and is not primarily in the commercial interest of the requestor.

Even if you do not waive the charges pursuant to those provisions, we request in the alternative that your office waive charges for the first 100 pages and first two hours of search time.⁴

We request this on the basis that CEI is a nonprofit, tax-exempt, public-interest organization with formal research, educational, and publication functions as part of its mission, and because release of these records will serve the public interest by contributing significantly to the public's understanding of government operations, the shaping of public policy, and how taxpayer money is spent. This FOIA request is not for commercial use.⁶

In the past, FOIA requests made by CEI have generated data and other useful information that was of interest to the public, information featured in news articles and commentary.⁷ CEI has published about issues related to this contract's subject matter, such as Healthcare.gov and the availability of tax credits through the federal exchange under the Affordable Care Act.⁹

⁴ See, e.g., 45 C.F.R. § 5.41(c).

⁶ Nor would it primarily advance any commercial interest. CEI is not a trade association.

⁷ See, e.g., Stephen Dinan, *Do Text Messages from Feds Belong on Record? EPA's Chief's Case Opens Legal Battle*, Washington Times, April 30, 2011, at A1 (news coverage based on documents obtained by CEI's "Christopher Horner"); Stephen Dinan, *EPA Staff to Retrain on Open Records; Memo Suggests Breach of Policy*, Washington Times, April 9, 2013, at A4 (EPA stepped up records-management training based on "admission" that some staff had "fallen short" on complying with EPA rules, a practice uncovered by CEI); Stephen Dinan, *Suit Says EPA Balks at Release of Records; Seeks Evidence of Hidden Messages*, Washington Times, April 2, 2013, at A1 (discussing how CEI's Horner had "uncovered that" regional official was "using private email addresses to conduct official business" in violation of EPA guidance).

Data and other useful information obtained by CEI employees through FOIA requests ends up in editorials, news coverage, and Congressional testimony. See, e.g., Trey Kovacs & Alex Habighorst, *Time for an Official End to Federal Employee Union Subsidies*, Washington Examiner, June 5, 2013, <http://washingtonexaminer.com/op-ed-time-for-an-official-end-to-federal-employee-union-subsidies/article/2531217> (Op-ed by CEI staff citing documents obtained by CEI employee Kovacs in his FOIA requests); *Written Statement of Hans Bader, Senior Attorney, Competitive Enterprise Institute, U.S. House of Representatives Committee on Oversight and Government Reform, Subcommittee on Regulatory Affairs, Hearing Entitled Lasting Implications of the General Motors Bailout*, June 22, 2011, <http://www.scribd.com/doc/58462911/Hans-Bader-Statement-for-Regulatory-Affairs-Subcommittee> (Testimony to Congress quoting information found in documents obtained by CEI FOIA request).

If our fee waiver is denied, we are willing to pay up to \$100.00, and in the event of any appeal as appropriate and regardless of that outcome or your response to this fee waiver request, we request the search and document production proceed in the interim. (If there are any such charges, please provide an invoice for the time incurred and cost for each document for which more than \$15.00 is sought).

Our interest in the documents springs from our ongoing efforts to educate the public, scholars, and state and federal regulators on matters of government operations¹¹ and regulation.¹²

The general and policy-oriented public will benefit from the dissemination of the information requested, since our professionals are widely-published about these subjects.¹³ CEI publishes

RE: Request Number HQ-FOI-01223-10

Dear Mr. Bader:

This is in response to your request for a waiver of fees in connection with your Freedom of Information Act (FOIA), 5 U.S.C. 552 request. Your FOIA request is seeking a copy of records referred to as the Kerry-Graham-Lieberman climate bill and any attachments or exhibits.

We have reviewed your submission and based on the information you provided, we are granting your fee waiver request. The US Environmental Protection Agency (EPA) Office of Congressional and Intergovernmental Relations, within the Office of the Administrator, will be responding to your information request for the Agency.

If you have any questions concerning this determination, please contact me at (202) 566-1667.

Sincerely,

A handwritten signature in black ink, appearing to read "Larry F. Gottesman".
